

Rules regarding spraying weed killer and pesticides

Use of these are permitted on the Fornham All Saints allotments however the following rules must be followed.

1. weedkiller and pesticides must be dispensed in either 1 to 2 litre spray bottles or in diluted form in a watering can.
2. no industrial type of backpack may be used unless the user has a current ministry of agriculture spraying licence. Permission to use such equipment must be sought from the trustees or parish council allotment representative.
3. all spraying of weedkiller and pesticides is undertaken at the plot holders' own risk and the trustees and parish council bare no responsibility for any injury etc sustained by the user.
4. if you are spraying within 1 metre of a neighbouring plot you must obtain consent from said plot holder
5. please take into consideration wind speed and direction and ensure neighbouring plots and sensitive areas i.e. bird nests or areas where bees maybe nesting, are not affected by your spraying.

Non-adherence to these rules will be viewed very seriously by the trustees and parish council and could result in the forfeiture of your plot or plots.
