

FREE Pad-Pak™ Program for Public Access Defibrillators

Tell Us About an SCA

If you have used a HeartSine samaritan® PAD during a Sudden Cardiac Arrest (SCA), it's critical that you TELL US, by providing HeartSine with the Saver® EVO file that contains comprehensive event data about the event and a completed Customer Event Form. This information is used by HeartSine to measure the success of our AEDs and to continually improve our products to ensure optimum results. When you provide the Saver EVO file, along with a completed Customer Event Form, we'll send you a free Pad-Pak for your efforts!

FREE Pad-Pak Rules for Public Access Defibrillators

- Immediately after the use of the AED during an SCA, contact Aero Healthcare to report the event and outcome.
- Immediately after the SCA event, follow the instructions in the Saver EVO manual to download the event data and submit it to HeartSine at www.heartsine.com/defib or email to sales@aerohealthcare.co.uk.
- Complete and submit the HeartSine Customer Event Form with information about the patient at www.heartsine.com/defib or email to sales@aerohealthcare.co.uk. *(this information is held in accordance with Data Confidentially Regulations)*
- Aero Healthcare will send the free Pad-Pak as soon as the Saver EVO data and Customer Event Form has been received.

Forward Hearts Program

Tell Us About a SCA Save

“Forward Hearts” enables individuals who have survived a sudden cardiac arrest (SCA) event as a result of a HeartSine defibrillator to save another’s life by donating a samaritan® Public Access Defibrillator to the charity or organisation of their choice.

HeartSine believes so strongly in its defibrillation technology, and the need to have readily available AEDs in public places, that it created this program to show the company’s ongoing commitment to saving lives.

How the Program Works:

When a HeartSine AED device is used to save a life;

1. Contact Aero Healthcare
2. Complete the Forward Hearts Form and email to sales@aerohealthcare.co.uk
3. Upon receipt of the Forward Hearts Form, Aero Healthcare will make contact to arrange the donation.
